

Creative Calgary

September 3, 2025

To Whom It May Concern,

On behalf of Calgary Municipal Land Corporation (CMLC), I am pleased to offer my support of Creative Calgary in their continued efforts that reinforce and support Calgary's dynamic arts and culture sector. As the development manager on the emerging Arts Commons and Olympic Plaza Transformation projects – the largest arts infrastructure project underway in Canada - CMLC shares our support and emphasizes the importance of Calgary's arts and culture community in creating a vibrant and resilient city.

The value of the arts sector goes beyond dollars and cents by improving the quality of life of Calgarians. The arts create community, shape our identity, and promote social wellbeing. They attract and retain talent to grow and sustain our economy and draw visitors from around the world.

CMLC is proud to share our support and partnership with the City of Calgary, Arts Commons and other community partners to strengthen and grow this important sector.

Sincerely,

Clare LePan

Vice President, Communications and Strategic Partnerships
